

M-ERA NET: International matchmaking event in battery-related technologies

On the occasion of the M-ERA.net 2023 call,
a webinar is organised by four funding agencies:
Nouvelle-Aquitaine, Quebec, Wallonia and the Wallonia-Brussels Federation.

This will be an opportunity to learn about **the new rules of the call**, but above all, for all the actors concerned, to present their research activities and **needs** to the other regions' actors and initiate a **collaboration**, particularly in the field of batteries.

What's next?

Send your presentation (e.g. PowerPoint) of maximum 5 minutes to your funding agency
before 21 March 2023.

29/03/2023 3 PM > 5 PM (Brussels time)

Programme

- 9.00 (QC) / 15.00 (FR / BE) : introduction to the M-ERA.net programme
- 9.15 / 15.15 : success stories
- 9.20 / 15.20 : pitching session
- 10.20 / 16.20 : networking
